

Program

1:00 ~ 1:30: Registration

1:30 ~ 1:40: Opening Remarks

Lee, Beom-Jin

(Dean, College of Pharmacy, Ajou Univ.)

Session I *Chair: Jung, Yi-Sook*
(Prof. College of Pharmacy,
Ajou Univ.)

1:40 ~ 2:20: How to access the Orphan
Disease with New Medical
Entity

Park, Hee Dong

(Director, LG Life Sciences)

2:20 ~ 3:00: HUNTERASET^M (Idursulfase-
beta)

Ji, Hyi-Jeong

*(Executive director, Green
Cross Corp.)*

3:00 ~ 3:20: Coffee break

Session II *Chair: Kim, Hong-Pyo*
(Prof. College of Pharmacy,
Ajou Univ.)

3:20 ~ 4:00: Hedgehog Inhibitors
as Anti-cancer Therapy

Zhang, Xiaohu

*(Prof. College of Pharmaceutic
Science, Soochow Univ.)*

4:00 ~ 4:40: Antibody Therapeutics
Targeting Rheumatoid
Arthritis

Park, Sang Gyu

(Prof. College of Pharmacy,
Ajou Univ.)

4:40 ~ 5:20: Clinical Experience in new
Drug Development in Rare
Autoimmune Disease, SLE

Suh, Chang-Hee

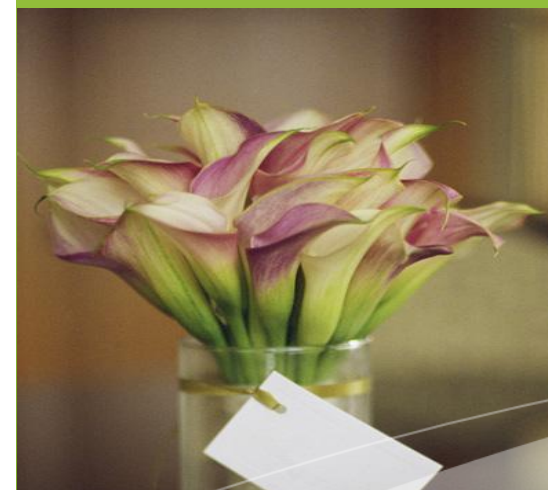

(Prof. School of Medicine,
Ajou Univ.)

5:20 ~ 5:30: Q&A

Closing Remarks, *Park, Young-Joon*
(Director, RIPST,
College of Pharmacy, Ajou Univ.)

2nd International Symposium in Ajou University

Developing trends of a medicine for rare or obstinate disease and globalization

Dear Colleagues,

It's my great pleasure to welcome you to the 2nd International Pharmacy Symposium, which will be held on Nov. 18, 2015 under the College of Pharmacy & School of Medicine in Ajou University. This symposium 2015 will feature a theme of "Trends of a medicine for rare or obstinate disease and globalization" and will consist of two sessions. There will be session lectures given by the "Invited Speakers" from China and South Korea. The symposium will be directed a tradition and in the future will be nurtured as a well-known scientific symposium in disseminating the breakthrough and advancement in pharmacy.

This will be able by encouragement of national and international academic institution partners and supports of the pharmacist association partners. Colleagues, from the Organization and Committee and I hope and believe that, 2nd international symposium will offer great opportunities to the scientists for discussing recent topics in the field, will bring the academia, industry and health authorities together for sharing their experiences, and will help all the participants from academia and industry to solve current problems and challenges in practice

We are looking forward seeing you in Ajou University, South Korea

-Park, Young-Joon (Director, RIPST)
